Charleston, S. C.
Independent and Progressive

Baldwin Directory Company, Inc., publisher of this city directory and the world's largest independent publisher of city directories, is in no way connected with any national association, combination or directory "trust". Its policies are laid down with a view to serving the individual directory subscriber and the general public. It is a progressive company, constantly on the alert to improve its service.

The ABCD type of city directory was originated by the Baldwin Directory Company, Inc. While many publishers have been content to rest on their laurels, issuing the same type of directory used thirty years ago, the Baldwin organization has led the way to the production of a modern city directory to meet modern selling and credit conditions.

Newspapers, chambers of commerce, merchants' associations and individual business concerns are invited to write for particulars concerning this type of directory service. In the future, as in the past, Baldwin directories will stand for the highest ideals in public service.

Baldwin Directory Company, Inc.

1937 Population

For Greater Washington

9,781

This population secured by an actual count of persons residing in the territory covered by a House-to-House Canvass under Baldwin's ABCD plan.

Introduction

Baldwin Directory Company, Inc., publisher of your city directory, takes pleasure in presenting the 1936 edition to the general public. A large force of trained enumerators and solicitors worked diligently in the preparation of this volume and we are confident that the result is an authentic and useful city directory.

We have faith in the continued growth of your city and we believe that our directory will take its place as one of the vital instruments for the advancement of the community. Subsequent editions will be issued promptly and regularly.

This volume is an example of the ABCD type of city directory as originated and developed by the Baldwin Directory Company, Inc. In the modern business world with its greatly changed sales and credit systems, the old type of directory has become completely obsolete. In adapting the directory to modern conditions the Baldwin organization is the pioneer. The excellent city directory which your city now has is the result of the progressive spirit of this company and its accurate interpretation of modern business requirements.

Seven Divisions of the Book

The principal parts of the Baldwin Directory are as follows:

1. The Miscellaneous Directory contains a great deal of useful information concerning the national, state and local governments. In it are listed the names of members of congress and the state legislature, city and county officials.

2. The Buyers' Guide, Civic Section and Professional Blue Book is made up of the advertisements of the leading business firms of the city, announcements of churches, clubs, lodges, associations and schools, and professional card of public-spirited lawyers, physicians and dentists. The display spaces have been carefully grouped and indexed under headings which are descriptive of the business engaged in by each firm. The Buyers' Guide, when properly arranged and distributed, is of tremendous value in the building of business in the community.
INTRODUCTION

3. The Resident Directory contains most of the data concerning the individual. The wife's name is given in parentheses, and the number of dependents under 16 is shown as well as the ownership of homes. This is followed by position, place of employment and home address.

4. The Householders' Directory contains a complete directory of streets and avenues, properly located, gives the names of all householders arranged as they come upon the streets and avenues, indicates ownership of property.

5. The Business Directory and List of Nationally Advertised Brands contains the names of all business firms, professional people and non-profit organizations, properly classified. In this division are also listed the names of nationally advertised brands of merchandise, with the name of the local agents and distributors.

6. The Numerical Telephone Directory contains telephone numbers arranged in numerical sequence.

7. The Rural Routes Directory, which follows the Numerical Telephone Directory, is used constantly in reaching rural residents with advertising matter and other mail.

SPECIAL ABCD FEATURES

The following valuable information which appears in the ABCD type of directory is not to be found in the old-style city directory.

- Number of dependents under 16;
- Designation of home ownership;
- Telephone Numbers on Street Guide;
- Numerical Telephone Directory;
- Nationally Advertised Brands.

In addition to these valuable features, the ABCD type of directory is more conservatively styled, printed on better paper and more beautifully bound arranged for more convenient use and contains a much more complete civic section. Directory stands are maintained in the business district for the use of the general public.

THE HOUSEHOLDERS' SUPPLEMENT

After including every conceivable feature which would tend to make the directory as useful and attractive as possible, the originators of the ABCD type of directory made one more bold stroke — they established a guaranteed home circulation for all advertising matter by issuing the Householders' Supplement and delivering it to the homes of the community. Every advertisement which appears in a Baldwin directory also appears in the Householders' Supplement, making the Baldwin Directory "America's greatest dollar-for-dollar advertising medium" today.

BALDWIN DIRECTORY CO., Inc.
EXPLANATION

All people sixteen years or over are listed.

Wives are listed with husbands, the wife being shown in parenthesis as follows:
Smith Robt R (Mary L).

The number of children under sixteen years is shown after the wife’s name as follows:
Smith Robt R (Mary L) 3.

The @, both in the resident directory and the householders’ directory, designates ownership of the home.

In case of a natural widow this fact is shown with the name of the deceased husband in parenthesis, whenever possible, as follows: Smith Mary L (wid Robt R).

The occupation and place of employment are shown as follows: Smith Robert R (Mary L) clk Hub Clothing Co.

The residence of each person is shown, “h” denoting a householder or head of the family, “r” denoting people in the home. Only one person at each home should be shown with the “h.” Thus, a circular mailed to each householder will reach every home in the city.

Married women, engaged in some other occupation than housekeeping, are listed individually in addition to their regular listing with their husbands, as follows: Smith Mary L (Mrs Robt R) bkpr Henry Jones & Co r 210 Main.

Names in heavy type denote patrons of the directory and are usually the leading firms in each line of business.

Persons living outside the city limits and receiving mail in the country are marked RD.

The letters BD shown on some entries indicate Buyers Directory.

Colored is shown by a ©. The publishers are very careful in using this, but do not assume any responsibility in case of error.

This directory contains all the regular departments of the modern city directory and many features used by no other publisher in the United States.

A numerical telephone directory will be found in the back of the directory listing each telephone according to number.

A Rural Route Directory will be found in back of this volume.

The classified business directory lists each firm according to line of business.

The numerical street directory lists each street alphabetically and each house according to number with the street intersections as they appear. After each house-nearest telephone may be found. The © denotes householders who own the householder’s name will be found his telephone number. In case he has no telephone the in which they live.

The buyers guide carries the printed messages of the city’s leading business and professional firms arranged alphabetically according to classifications.

This directory shows the exact population of the city and environs at the present time.

**TOTAL** 9781
Washington
NORTH CAROLINA

"THE ORIGINAL WASHINGTON"
Founded in 1776

Washington, the county seat of Beaufort County, is located at the junction of the Pamlico and Tar Rivers, 40 miles from Pamlico Sound and 100 miles from the Atlantic seacoast, on Atlantic Coastal Highway (U. S. No. 17)—Maine to Florida; U. S. No. 264—East and West, and N. C. Highways Nos. 33, 91, 92 and 99.

Pamlico River Bridge

The settlement out of which grew Washington dates back to 1771 and on November 30, 1771, James Bonner, founder of the town, presented a bill to Congress held at Hillsboro for having a town established on his plantation. This town was called the "Forks of Tar River."

It is uncertain just how soon after General Washington took charge of the Continental Army that Col. Bonner gave his name to the town which he had founded, but it is believed that it was late in 1775 or early in 1776. The first mention we find of the town going by the name of Washington is dated Monday, October 21, 1776. It is an order from the Council of Safety at Halifax, and reads "That Captain John Forrester, Commander of the armed-brig 'General Washington' now lying at the port of Washington, proceed with all possible haste to Ocracoke Bar."

The first deed for a lot in the town of Washington was dated December 23, 1776, and is recorded in the office of the Register of Deeds of Beaufort County in Book IV, page 523.

Washington was incorporated by the General Assembly meeting at Hillsboro on April 13, 1782.

On our Post Office is a tablet reading: "To commemorate the first Post Office named 'Washington' in the United States, established A. D. 1789, in Washington, Beaufort County, North Carolina. The first town
named Washington in the United States, December, 1776." This tablet was placed there by the Daughters of the American Revolution, after having been fully investigated by the Post Office Department.

ACCESSIBILITY
Washington is served by the Norfolk-Southern and Atlantic Coast Line Railroads and five bus lines. A large river harbor connects with the Inland Waterway Canal. Here the Norfolk, Baltimore and Carolina Line offers the whole of Eastern Carolina a splendid shipping service at low rates. The N. B. C. Motor Line with several other truck lines serves the entire state. The 12-foot channel enables large boats and bay barges loaded to full capacity to dock here. A large quantity of the lumber manufactured here is shipped by barge to Baltimore, New York and Philadelphia.

Population of Washington and suburbs is 9,781.

CLIMATE
Mean annual temperature is 64 degrees.
Elevation is 12 feet.
A pleasant year around climate.

CITY GOVERNMENT
The city of Washington has the Mayor-Alderman form of government. It has municipally-owned water and light plants and sewage disposal system. Gas plant privately owned by Tide Water Power Company. Washington has a tax rate of $1.00 per $100.00 valuation. The assessed valuation, city, over $5,000,000; real estate assessed approximately 60 per cent of cash value.

The financial affairs of the city are in excellent condition, being one of the few towns in North Carolina meeting its bond maturities promptly when due through all the depression, and all obligations are current to date.
BANKING FACILITIES

Washington is served by the Bank of Washington and Guaranty Bank & Trust Company. The excellent reputation of these institutions is long standing and well-known. They have combined resources of $7,500,000.00.

HOTELS, RESTAURANTS AND TOURIST HOMES

Adequate facilities are furnished tourists and the traveling public by two modern hotels and numerous restaurants and tourist homes.

CHURCHES

There are eight churches for white people and twelve for colored people.

St. Peter's Parish was founded April 7, 1822. Prior to 1822, services of the Episcopal Church were held in a church building which was erected on the lot where the present church stands, being Lot No. 50, set aside by Col. James Bonner about the year 1776 “for the public use of the said Township for building a church on.” This building was used by the Methodists, Presbyterians and Baptists.

The First Presbyterian Church was founded in 1823.

HOSPITALS

From far and near the sick and afflicted come and find help and restoratives under the guidance of the skillful doctors and nurses of the Tayloe Hospital, Fowle Memorial Hospital and Riverview Hospital.

SCHOOLS

The school system is under Washington administrative unit and county unit. Handsome high school and elementary school buildings in city, for both white and colored. Total enrollment, 1936-37, 3,381.

Catholic “Mother of Mercy” School for Negroes, enrollment, 184.

There are also studios of fine arts and private kindergartens.

STORES

Washington is fortunate in having fine, modern and well-arranged stores to meet the needs of the buying public. Washington merchants can always be depended upon to carry the best merchandise in every line, serving a trading area within a radius of 50 miles of approximately 200,000 population.

INDUSTRIES

The principal industries are: Four large lumber mills, three planing mills, tobacco redrying plant, three fertilizer plants, grain and flour mills, pickle plant, ice plant, ice cream plant, three soft drink bottling plants, mattress factory, shirt factory, marble works, iron foundry, fish and oyster market.
AMUSEMENTS AND RECREATIONS

Washington Field Museum is the largest and oldest amateur museum in the country, and was started by four boys of Washington High School in 1923. A burlap tent was its first home, but it now occupies a handsome and artistic two-story log cabin, and has received national recognition. It has a splendid collection of birds, more than a hundred species of fish, and a most complete reptile department. It is still operated by boys.

A Country Club, with golf course.
Two modern theatres that provide high-class motion pictures.

BEAUFORT COUNTY

Prior to 1696 this region was called Pampticough from the prehistoric Indian tribe found here by the first white settlers. In 1696 it was known as the County of Archdale. In the same year the great County of Bath was created in the place of Archdale, and so remained until 1741, when its name was changed to Beaufort in honor of Henry, Duke of Beaufort, one of the Lord Proprietors.

Beaufort County has an area of 819 square miles and a population of over 35,000, with an approximate land area of 537,000 acres. There are over 3,500 farms under cultivation, according to United States Government surveys.

The county is primarily agrarian. Corn, the king of crops, leading by about 10,000 acres the next crop—soybeans, while tobacco rates third place in the number of acres planted. The estimated corn acreage is 40,000; soybeans 30,000 acres, 10,000 of which are planted solid; while 20,000 are interplanted, usually with corn; approximately 12,000 acres of tobacco; 10,000 acres Irish potatoes; cotton 6,000; truck and sweet potatoes, 2,000 acres each. (Government report).
The five principal cash crops are: Tobacco, Irish potatoes, cotton soybeans and corn.

Corn and Potatoes

The potato market attracts buyers and interested parties from many sections of the country.

Tobacco market—New Bright Leaf Belt.

Three warehouses, one redrying plant. All the large tobacco companies are represented on the local market. Washington often leads all markets in the state in tobacco prices.

Beaufort County is a sportsman's paradise. Both large and small game and fish abound in the forests, lakes and streams.

Lake Mattamuskeet, located on U. S. highway No. 264, 70 miles from Washington, in Hyde County, is a national migratory waterfowl refuge. Fifty thousand acres are under water and 10,000 acres are provided for a public shooting ground. The Swan Quarter Refuge of 41,-
000 acres is adjacent to Mattamuskeet. There is a nominal fee for ground and guide service. A number of people are employed by the Federal Government.

Bayview

Bayview, on Pamlico River, 20 miles below Washington on U. S. highway No. 264 and N. C. No. 92, is a year 'round resort—bathing, boating, fishing, hunting. Extensive improvements are being made by the new owners (experienced hotel men), which include: Complete remodelling of the hotel, reworking of streets, renovation of bowling alley, installation of concessions, and games for entertainment. A beach club is planned; a flotilla of boats for hire. There are private cottages in connection with the hotel for rent.

Bath, the first capital of North Carolina, originally the Indian town of Pampticough, was settled by white men about 1690 and incorporated in 1705. It is the oldest town in North Carolina. Sixteen miles below Washington on U. S. highway No. 264. St. Thomas Episcopal Church built there in 1734 with brick brought from England, contains many ancient relics given by the royalty of England. It is the oldest church in the state. In Bath, in 1700, was founded the first public library in the colony. There are buildings 200 years old, and chimneys in Bath that still bear the imprint of bullets that were fired by besieging Indians. There are old tombstones erected in the 18th century.
I St. Thomas Church

No history of the town would be complete without mentioning the name of a man who has always been linked with it. In 1718, Edward Teach, or Thach, better known as "Blackbeard," took up his abode in Bath. While there he married his 13th wife. Teach was beheaded near Ocracoke Inlet on November 22, 1718, by an expedition sent out from Virginia. There is a legend that the headless body thrice incircled the ship before it sank and the place it went down is known as "Teach's Hole."

Broad Acre Farms, at Terra Ceia, the famous bulb growing section, is 22 miles east of Washington. This is a Dutch settlement. Mr. H. Van Dorp, manager, owns several hundred acres while the company owns about 1,500 acres. Fifty acres or more are planted in tulips, daffodils, iris, gladioli and peonies, the balance in diversified farming. Thousands of these cut flowers are shipped in carload lots to Northern markets, also large quantities of bulbs are shipped all over the country. A large cold storage plant was installed a few years ago which is used to prepare bulbs so that flowers can be marketed during the winter. During the spring and summer flowers are pre-cooled by this method and arrive in Northern markets in better condition and command the higher prices.

There are approximately 60,000 bulbs per acre, and it is estimated that there are from 2,500,000 to 3,000,000 bulbs planted in that section annually.

Washington and Beaufort County celebrated the first Tulip Festival April 7-8, 1937, which was a great success, attracting hundreds of visitors to the city. This festival is celebrated annually.

CONCLUSION

Washington has the advantage of both water and rail shipping facilities, low tax rate and low power rate, and unusually low insurance rate. Living conditions are good, with modern public improvements and good local sanitary regulations, plenty of native-born labor available. Therefore, Washington and Beaufort County have much to offer prospective new industries, homeseekers and tourists.

"Consult The Business Directory"

THE KNOWLEDGE OF
WHERE TO BUY
IS AS IMPORTANT AS WHERE TO SELL
Baldwin Directory Service is Unique

No other publisher in the United States offers to the public a directory of the type issued by the Baldwin Organization. Business firms using Baldwin Directory Service are unanimous in their acclaim of its many unique features.

America’s Finest Directories

Baldwin Directories offer tremendous advertising value through the new Householders’ Supplement which is presented to the homes.

Baldwin Directory Company, Inc.
Telephone 1368 Charleston, S. C.
CreATIVE ADVERTISING Is OUR BUSINESS

The creation of ideas to sell by direct mail is featured at our establishment.

We have served thousands of satisfied customers during the many years we have been in the printing business. We have created original ideas which have increased the business of our clients to their entire satisfaction.

Write us today and we will be glad to go into your advertising problems with you.

PUBLISHERS OF BOOKS THAT SELL

We have published from time to time many and varied types of books which have had exceptional sales. We are of the opinion that any printer can set type, but comparatively few can plan a book.

Let us figure with you when you are in the market for anything in the printing or publishing business.

We handle publications such as weekly papers, monthly magazines, college annuals; medical, historical, or any other form of books.

The printing of folders in one color or the many colors of Nature for hotels and cities is a specialty with us.

Printing, publishing, ruling and binding that pleases.

Resident Directory
1937

Containing the full name, husband or wife’s name, number of children under 16, designation of home ownership, position and employer and home address of all persons over 16 years of age, residing in Washington and environs.

The publishers wish to express their appreciation to the business and professional establishments for the splendid co-operation and valuable assistance given them in the preparation of this volume.

A list of abbreviations used in this directory will be found on page 50 and a general index on page 3. The information herein contained was taken by trained enumerators in a house-to-house canvass of the city and adjacent territory, and checked with data supplied by employers. The publishers offer it as the most reliable information available but do not assume any responsibility for errors.

For population of Greater Washington see page 2

Number of dependents under 16 is indicated after name.

On the page following are listed abbreviations used in this volume.

BALDWIN DIRECTORY SERVICE IS UNIQUE

No other publisher in the United States offers to the public a directory of the type issued by the Baldwin Organization. Business firms using Baldwin Directory Service are unanimous in their acclaim of its many unique features.

AMERICA'S FINEST DIRECTORIES

Baldwin Directories offer tremendous advertising value through the new Householders' Supplement which is presented to the homes

BALDWIN DIRECTORY COMPANY, INC.
Telephone 1368 Charleston, S. C.
WASHINGTON
NORTH CAROLINA

STREET AND TELEPHONE GUIDE
AND
HOUSEHOLDERS' DIRECTORY

1937

Containing the names and locations of all streets, alphabetically arranged, with the names of householders and business firms as they appear, in order, upon each street, together with the phone numbers, and designation of home ownership. All intersecting streets are shown.

NAMED STREETS ARE ALPHABETICALLY ARRANGED.
NUMBERED STREETS ARE ARRANGED NUMERICALLY,
FOLLOWING NAMED STREETS.
